2. COMMUNITY SPEEDWATCH – LINCOLNSHIRE ROAD SAFETY PARTNERSHIP (LRSP)

2.1. Parish has already expressed an interest in joining the scheme and have received details.

2.2. There is an application form to be completed and the Parish can choose what level they want ranging from passive notices to a reactive sign and finally volunteer road checks (once passive sign stage has been passed.

2.3. There are currently four volunteers identified who would get involved and more would be welcome. Training will be provided for roadside checks
2.4. Details of equipment and costs have been provided but currently we are looking at the possibility of updating the sign from North Witham. The preferred placement is Stainby and it is hoped that the can be rotated around the Parish over a period of time.

2.5. We have been advised by CSW at LCC (Richard Davies) that unfortunately, when this phase of the initiative was considered they had hoped for several area volunteers to coordinate several Parishes in their area. This has currently not happened, with volunteers happy to be involved in their own Village/Parish but unable to commit the time for coordinating a larger area. LRSP is asking the question of all those interested in this phase if they themselves would be interested in this role or know someone who would be. This volunteer could either be involved in the roadside checks or just be involved in the CSW behind the scenes, whatever they felt they wanted to do.

2.6. CSW are currently preparing the ‘back office’ system that will produce the letter send them to the drivers of vehicles exceeding the limit. When that’s done they can concentrate on training volunteers and looking at the sites.

3. OTHER INCIDENTS/ISSUES

3.1. Incident of lorry on High Street damaging stationery vehicle in parking bay opposite High Street without stopping

3.1. Fatalities on A1 at the beginning of July 2018 – no further information or communications received regarding survey by Highways England

3.2. Complaint received about the traffic cones opposite Back Lane/High Street junction; resident involved in original accident (2016) is still attempting to invoke Traffic Order with LCC. It was agreed by the Parish Council in May 2017 that this was supported and would be explored as a priority.

3.3. Resident living on Bourne Road has offered assistance as a volunteer regarding traffic concerns on B676 which have been consistently and repeatedly documented in Council meetings.

3.4. Planning application received for extension to commercial business on Honey Pot Lane – there needs to be traffic management plans put in place due to concerns on the A1 and increased noise and air pollution through the Parish.

4. FURTHER ACTIONS

4.1. Cllr Hainsworth to collate all the information/evidence regarding traffic calming measures as suggested above for Bridge End/High Street to crossroads on B676 over the past two years (1.2 above)

4.2. Clerk to advise Richard Davies at LRSP that Cllr Hainsworth is interested to learn more about volunteering as “back room” functions of CSW to assist the Parish further.

4.3. Clerk to submit application form to CSW (costs £40.00) to

- Ensure that enquiries are made regarding specification of VAS being located in Stainby.
- Options regarding three phases available (passive, reactive and roadside monitoring)

4.4. Review footpaths and access at Stainby with landowners to seek any solution to the problems being experienced.

Cllr Hainsworth
22 August 2018
End
1. Keys have been handed to all tenants and the chains put on the gates. There have been reports from Stamford Road that the chains are being replaced too loosely and can be lifted from the gates without needing to unlock the padlock. This is something that the Parish Council cannot police and must be the responsibility of the tenants.

2. As a possible result of this the bonfire heap appears to be been re-started at Stamford Road. This is very disappointing considering the lengths to which the Parish Council has gone to clear the ground. It has been suggested that the bonfire area be made into a car parking area but there are concerns that this might be the thin end of the wedge and we might get cars back onto the pathways which is where the problem began in the first place.

3. There has been quite a lot of interest expressed in an Allotment Holders’ Group with an Annual Meeting where tenants can express views and suggestions for the running of the Allotments. This is something that we want to encourage and we will be contacting tenants regarding this.

4. NORTH WITHAM VILLAGE HALL

Representatives of the E & A committee joined the Chairman and Clerk and the Chair of the F & A Committee at a meeting with North Witham Village Hall Committee to offer what help we can to obtain new play equipment and improvements to their Village Hall. This Parish Council cannot do anything directly as North Witham Village Hall is not a Council amenity but North Witham is one of the Parishes under this Council’s umbrella. The Chair of the F & A Committee is helping to complete application forms for grants and we will pass on any funding opportunities that we think might help.
