

WIND FARM POLICY CONSULTATION

IMPORTANT

Lincolnshire County Council

Consultation on Wind Farm Policy Position Statement

Lincolnshire County Council **NEED your views urgently**, regarding their policy statement on the positioning of industrial wind turbines across Lincolnshire.

If there is enough support for this policy from residents and visitors to Lincolnshire, then they will be able to formally adopt this proposal which is designed to give all of you better protection from developers trying to industrialise the country side in which you live, from creating giant wind turbine parks.

I **URGE** you ALL to take a little time to go on to the web site and all you have to do just click into the relevant circles and give your name and address it won't take more than a couple of minutes. The survey closes on the 21st Jan 2013.

<http://www.lincolnshire.gov.uk/residents/environment-and-planning/planning-and-development/wind-farms/>

If you do not have on line access to their web page, you can call the customer service helpline on **01522 782226** to register your support.

Please pass this on to all your friends and family in Lincolnshire who would like to participate.

I wish you all a Merry Christmas and a very Happy and Prosperous New Year, regards

Melvin Grosvenor
