

SKDC Report January 2017

The District Council is currently out to consultation with it's level of Council tax, the Government has again given SKDC special dispensation to increase it by £5 on an equivalent band d property, as we are one of the lowest charging authorities in the County. However it is expected that we will increase this by £4 and not the full £5.

Otherwise the District Council is making another one off contribution into the Community Fund of £50k so this scheme will keep running for a couple of years, however once the fund is spent it is not expected to continue further. I am pleased that so many of the villages within Casewick ward have benefited from this fund.
