How time flies, here we are hitting the big Five O in editions of News & Views! We hope the front cover jogged some memories! N&V started in January 2015, taking over from where Caythorpe News left off. Tony Case (with plenty of help from Sue) of Carlton Scroop took it on, expanded it to cover Carlton Scroop & Normanton and firmly placed N&V as a much loved publication.

We took on the mantle of Joint Editors in late 2017, when Tony decided to step down, with the February 2018 (issue 33) being our first! We decided to create a new look, to put our own mark on it and change to all colour printing too (with thanks to Robert and Paul of Westgate Print for all their help and advice). We managed to expand the area once more by adding Sudbrook in November 2018 and who knows where we will expand to next... Watch This Space!

Make sure you see the centre pages for pictures galore of the fabulous Caythorpe Gala! We had so much going on and so many people attending. Congratulations to Laura, Carole (with an ‘e’) and the hordes of helpers on the day from PGL and the Playing Fields Committee et all for making it such a great day out for us all! It will certainly take some topping next year but Laura and Carole are already ‘on it’. Finally we must extend massive gratitude to the generous sponsors and supporters of the Gala who helped make it all possible.

On a side note, News & Views has been delayed this month due to a family member being admitted to hospital, however, we’ve got there and we hope you enjoy this 50th Edition!

People very often ask us, how do you find the time to do News & Views, well, having tied up September Edition earlier today, Pete has already opened up the October Edition so anything that we receive can be slotted straight in or typed straight to the allocated page!

When we took over the magazine, we’d never produced anything. It was never our intention to change the layout quite as radically as we did but after consultation with Westgate Print and looking at what was possible, we purchased new software and the rest, as they say, is history! Each month we learn how to do something new and we are looking to upgrade the software once we have a spare month to learn how to use it...

So, most of our correspondence comes via email, but we also get messages via messenger, phone and our postbox. We do try to respond in a timely way during term term but sometimes it takes us longer than we would like as we both work full time and have 3 children that we play taxi to. I work as an Assistant Bursar in a local high school and Pete works within the NHS. On the flip side of the magazine is our fabulous advertisers, Pete deals with the Sales side and I deal with the Accounts side, it’s like a busmans holiday!

Adverts usually come ready to be slotted into the magazine, however, articles take longer. The magazine, when we pull up the blank is just that, a series of, usually, 52 blank pages which we get to design. Some of the pages are static, but require tweaking and sizing and squashing or spreading depending on what we have sent in, some months we struggle to fit everything in and some months we take pages out as we don’t have enough copy.

A new page will require a background, one which fits the subject. If only it was that simple, they have to be the right size, pixelation, colour, shade and when it’s all designed if it looks wrong it’s back to the drawing board, Pete hates it when I do that but, it has to look right, it has to feel right. The article itself needs to be put onto the page, edited, spaced and we check that it’s all legible and that the background isn’t overpowering the writing. Once we are happy a page is ready, we will lock it so that it can’t be altered. A high percentage of ‘What’s Coming Up?’ adverts we have in need designing, I love that job!

Once we have completed all the articles we will look at the layout and work out how we need the magazine to flow, we differ between having articles over an open two pages or pages which follow on ie, you have to turn the page to read the rest of the detail. I tend to think, where possible, it’s better to have the article on an open two pages. We tend to keep to the same rough layout, with features and ‘What’s Coming Up?’ in the first half and regular writers in the second half.

When we get to deadline day, we normally have a flourish of emails with detail on to put into the magazine. We work to send the magazine to the printers on a Sunday evening so it’s a full 2 days worth of work pulling everything that’s arrived together and once we’ve ‘agreed’ on how the magazine will flow for the month, we look at completing the final bits. We check and insert page numbers for the advertisers index, check all the adverts are in that should be in, complete the monthly ‘What’s on in October’ section and finish the contents
section. Then it’s a full proof read. We check the preview and end up altering various bits before we are finally happy and upload the file to the printers and breathe, another month in the bag!

The magazines are delivered to us on the Thursday night and where possible we count out the various copies and drop round to our distributors in Caythorpe and Carlton Scroop on the night. We then have various ‘Static’ drops which we complete. These are drops in shops, pubs, village halls, surgeries, post offices, businesses etc in the surrounding villages. Our distributors aim to have the magazine out to homes the weekend that we drop off. We aim to have all static drops in place for the 1st of the Month. We send out low resolution copies of the magazine on email and that’s job done! Time to start next months edition....

Hello, Many of you will have benefited from the playing fields over the years whether it be through the cricket or football clubs (for yourself or your children), the walking group, or by your children or grandchildren using the play park or attending the firework event. You may also benefit from using the Sports and Social club at the pavilion.

This facility costs a lot of money to maintain on an annual basis. Part of this money is raised through fees charged to users of the facilities and some is raised through the Gala. The Parish Council also provides a grant to help support this village amenity and maintains insurance at considerable cost. However over the last few years expenditure has exceeded income draining the reserves that had been built up over time.

As a result, a number of parishioners decided to take steps to reinstate the running events that had proved excellent fund raisers in the past under the banner of the Caythorpe DASH.

You will have seen from News and Views, that events are planned for 17th November 2019 (10 k run) and 1st March 2020 (marathon and 5k family run). Planning for these events is progressing well, but we now need involvement from the community to assist with running (pardon the pun!) these events.

There are a number of roles that we need volunteers for, including assisting with car parking, marshalling, admin, baking cakes before the event, catering, serving tea, coffee and refreshments, etc etc. We will try (as far as possible) to match the skills and abilities of volunteers with their roles.

It is hoped that as well as raising much needed funds for the playing fields, that this will be an event when the village can come together for a common purpose and have an enjoyable time helping ourselves.

If you feel you may be able to help (even if only for a few hours, or in a small way) then please contact me at crawley1803@aol.com or by phone on 01400 318453 so I can add your name to my list of volunteers before allocating roles nearer to the time.

Many thanks for reading this and I hope to hear from you soon. Andy Crawley
When I Grow Up...

WOW! We had a fantastic start to the year at Caythorpe Primary School with everyone being fully immersed in our whole school topic, ‘When I Grow Up…’ Both staff and pupils thoroughly enjoyed a wide range of visitors into school to talk about their jobs. Visitors included members of the Armed Forces, a Children’s Nurse, an Archaeologist, a Helicopter Pilot, Managers from PGL, a Barrister, a Musician, an Optometrist, Firefighters, a Yoga Teacher, a Veterinary Nurse, a Police and Crime Commissioner, a Martial Arts Expert and Business Entrepreneurs! The children found it fascinating learning about such a wide range of jobs and they have been discussing all of the possible opportunities for the future!

As part of this topic we invited the children to come to school dressed for their future jobs! It was fantastic to see them aiming so high and it was clear to see that all of our visitors have had a really positive impact on the children’s thoughts and visions for their adult life.

We hope that this topic has encouraged our children to have high aspirations for their future as well as challenged stereotypes. It is important for children to believe in themselves and
that anything is possible if they work hard. Thank you to all Parents, Carers and other visitors who volunteered to give up their time to come into school to talk to the children about their life experiences and careers.

School Games Mark Platinum Award 2018/2019

We were delighted to find out that we had been awarded the Platinum School Games Mark for our commitment to sport and competition within school and the wider community. The School Games Mark is a Government led award scheme, facilitated by the Youth Sport Trust and we are thrilled to have been recognised for our success. As part of the application process we had to fulfil a number of criteria and submit data detailing all of our sporting achievements this year. As a school, we are extremely proud of our children for their dedication, team spirit and determination in all aspects of school sport - this year we have already received awards for the highest number of pupils taking part in sporting competitions in the local area and the highest percentage of girls participating in competitive sport. We would like to thank everyone who has contributed to our successes; be it transporting children to competitions, supporting the events we take part in or simply washing sports kit! Well done everyone and huge thanks to Mrs Hunt, Mrs Cooke and Ricky for their continuous hard work and dedication!

Did you know, News & Views can do Leaflet drops to help you advertise too? We can place your leaflet / flyer in our magazine to be delivered to around 1000 homes and businesses in the local area and all for just £35!

Contact us at editorsnewsandviews@gmail.com

VOLUNTEERS REQUIRED

Help is required at St Nicholas Church, Normanton On Cliffe twice a year (usually Spring and Harvest) before the service to Clean the Church, Wash the altar cloths, Clean the Brass, and provide refreshments (usually hot drinks and biscuits) after the service.

These services are to raise money for the Upkeep of the Churchyard. 50% going to the Churchyard and 50% going to the Church Conservation fund who own the Church.

If interested please contact Susanne, 40 High Street, Caythorpe, NG32 3DN 07570 583625

Neighbours, everybody needs good neighbours, with a little understanding we can find the perfect blend...

It’s there now isn’t it? You’re singing the whole song...and becoming a friend to your neighbour is a kind and a good thing to do! One things which is guaranteed to cause tension if done with lack of consideration is the subject of this article...

BONFIRES

As we enter the season of mists and mellow fruitfulness and the phase for tidying up the garden, the number of bonfires increases and with it the complaints to the Parish Council from those suffering from respiratory illnesses, residents with kippered washing and, in the warmer weather with the windows open, smoked out houses. At the moment, bonfires are not banned in this area so if you really must have one please think of your neighbours and use the following good practice: light the bonfire on still air days and at dusk (sunset) not during the day, thereby allowing your neighbours time to enjoy their garden during the day and after work and for the washing to be taken in. Burn only dry, mature garden material not green waste, plastics or any other rubbish.

Speaking nicely to your neighbour who has a bonfire pointing out that it is a nuisance and requesting they desist until after dusk will normally do the trick; however, if you can’t and or the problem persists, then ring South Kesteven District Council Environmental Department who have sanctioning powers under the `Environmental Protection Act 1990.

CHURCH COFFEE MORNINGS 10:30am - 12:00pm

St. Vincent’s Church, Caythorpe, is to hold coffee mornings on the forth Saturday of each month beginning on the 26th October. These are mainly to raise money to help with the upkeep of the church and occasionally for charities. The first one will, in fact, be to raise money for church flowers. At the moment all flowers in the church are supplied by the arrangers themselves.

The Society of Friends (Quakers)

hold a Meeting for Worship every Sunday 10.30 – 11.30 a.m.
at the Friends’ Meeting House, Meeting House Lane, Brant Broughton

All welcome! For more information please phone Wendy Gwatkin on 01400 273541

Unit 1 Lincoln Road Industrial Estate, Leadenham, Lincoln, LN5 0PE
THE day finally arrived, the day that Carole and I had been working toward since May, it was absolutely, unequivocally, absolutely, GALA DAY!!

I’d decided that I was going to have a leisurely get up at 7 with toast and tea (I blagged it in bed on the premise that I’d be extra busy all day and needed some TLC, luckily it worked, thanks Pete!). Carole arrived just after 8, we loaded up the cars with ducks and hooks, floats, banners...you name it, it was in the cars!

On the playing field were just 3 marquees, 2 large and 1 smaller...the enormity of what had to be achieved in just under 5 hours kicked in and we popped up the first gazebo, the wind had started blowing and the 2nd gazebo which wasn’t pop up was a little more problematic, the 3rd larger gazebo was ‘fun’ too! Support arrived in the form of PGL, a team of about 10 walked onto the playing field and for me, they were like our knights in shining armour! I asked them to do a job, they did it and they did it well, they toiled from when they arrived until 6pm, they were absolute stars! Stall holders started to arrive and more gazebo’s went up. Pete accompanied the Army down the the school and village hall to borrow tables and soon stalls were being set up! EMSL arrived with staging and sound and everyone turned and stopped when the sound checks took place (they were a little loud to say the least!!).

I honestly don’t know how those 4/5 hours of set up went so fast and at times, I could have cried when I realised I’d forgotten a few things but my turning point was thanks to Tom Mountain, he stopped me and said ‘Just stop Laura, turn around and just look at what you’ve both achieved’ I did stop and do you know what? Everything was working, it was all just working.

What I’m missing out here Pete, my husband, and Drew, my son, who worked tirelessly throughout the morning, whilst Carole and I were organising and making sure that everything was going as it should, thoughout the afternoon and packup time at the end. I have to pass on my complete admiration to Carole, I don’t honestly believe anything phases this woman, she’s unflappable, thank you! Jane Towers, also joined our team on the day and was a great asset just getting on with jobs that needed to be done. My Mum and Dad who came to enjoy the Gala, not work, who manned the information tent whilst we sorted out issues during the event, thank you. I also need to thank BBQ crew who worked in shifts over the afternoon, I don’t think you ever stopped! On top of all of these thank-you’s I need to thank all the volunteers, village groups who helped runs stalls and Jackie running the dog show single handedly, for the benefit of the Playing Field and those who helped in keeping all of our visitors hydrated. Big Events like this are why Caythorpe is such a fantastic place to live, when everyone comes together we achieve something that really is very special. Myself and Carole feel very honoured to have been in a position where we were in the driving seat this year and having such positive feedback from you all has been just fantastic, thank you! Enjoy the photo’s!
Homage to Caythorpe

When we met with members of 216 (Parachute) Signal Squadron to discuss their Arnhem Visit and the spiritual home that Caythorpe is for them, we were told about this rather lovely staircase at their Barracks in Colchester called ‘Caythorpe Rise’.

The photo’s that are on the walls are of the Squadron at Caythorpe though the years. RSM Andy Dunn had mentioned how you climb the stairs and see yourself moving through the ranks over the years through the photo’s!

You can also see photo’s of the stained glass windows of St Vincent’s.

Thank you WO2 Karl Conley for sharing this fabulous shot with us.
The annual Arnhem Reunion Service on the second Sunday of September took on a special significance this year as 2019 marks the 75th anniversary of Operation Market Garden.

InvestSK provided the funding for the associated Heritage Open Days in St Vincent’s Church, Caythorpe and for the displays which tell the story of the part played in Operation Market Garden by the men of the Airborne Signals division as they flew to Arnhem 75 years ago on 17th September with the aim of seizing the bridge over the River Rhine and bringing the Second World War to an early end.

They will have flown for the main part from nearby Barkston Heath and their story is told in the film ‘A Bridge too Far’.

The men of the Airborne Signals were billeted in and around the village of Caythorpe and have retained a strong affinity with both village and its parish church of St Vincent’s ever since.

We were able to learn about the link between the operation and Watership Down – Richard Adams was a serving Officer and the characters in the novel reflect something of the attitudes displayed in the operation. We were able to see a folding bicycle, a supply pannier, a parachute and a radio from Arnhem – on loan to us from Duxford – as I was able to explain to Carla Greene when interviewed live by her on BBC Radio Lincolnshire.

The whole Airborne Operation was coordinated at nearby Fulbeck Hall under the command of Major General Roy Urquhart whose great achievement was the successful overnight evacuation across the Rhine of the beleaguered troops and by the time this edition of New and Views is printed you will have seen advert for the illustrated talk that his daughter Judy Urquhart will be delivering on the subject ‘My Father’s Road to Arnhem’ in the Village Hall at Fulbeck on the 12th October at 7:30pm.

**Stuart Hadley, Rector of the South Cliff Benefice**
Caythorpe Cricket Club's Senior Eleven have had a mixed month, winning two and losing one match. With one game to play the Club are in fourth place in Division 2 of the Lincoln and District League. Should they win the local derby game against Barkston & Syston Cricket Club then Caythorpe will finish in runners-up spot and be promoted. All to play for in the last week of the season!

Caythorpe had a good win against Blankney, accurate bowling restricting the visitors to 151 runs off 40 overs. Blankney lost 8 wickets, shared between four of our bowlers, Dan Pinfold, Aaron Charlesworth, Owen Fitzgerald and Like Endley. Luke, our Captain a few years ago, was on a short visit home from his new abode in Australia. Caythorpe then scored 153 runs for victory from just 23.5 overs, with Steve Ryder scoring 64, M Mullen 28 and Luke hitting a very rapid 47 not out.

Our Team then had an off day against Aisthorpe, losing by 7 wickets in a low scoring game. Apart from Captain James King scoring 34 runs it is a case of the least said the better!

Finally Caythorpe travelled to Market Rasen and won a closely fought game. Batting first, Caythorpe scored 188 runs for the loss of 6 wickets, high scorers being James King with 47, Sandy Ireland with 39, Joe Attlewell (37) and Jason Marriott (36 n.o.). In reply Market Rasen struggled to 159 all out, with Theo Mussell our bowling star with 4 wickets for 35 runs.

On Friday 13th September the Cricket Club held their Junior Presentation night. Members of all age-group Teams received participation medals, and trophies were awarded to leading players in each side.

At Under 10, the Most Improved Player was Lauren Mannering, and the Best Overall Player was Heath Matavuso-Lowe.

From the Under 11's the bowling Award was shared by Josh Spratt and Archie Goss. The best batsman was Ollie Harness, the Fielding award went to Olivia Cepalek and the Player of the year Aaron Cepalek.

Moving on to Under 13's, the leading bowling was Ollie Spratt, and the best batsman was Luca Foster. These two Players also received leading bowler and batsman awards from the Lincolnshire Youth League - a great achievement. The Outstanding Fielder was Freddie Streeter, and the all-round Player of the Year was Alex Dickinson.

The President's Trophy, a new Award donated by David Cree, is for a Youngster who makes a significant impression on the Club's Officials, not solely by his on-field play. This went to Heath Matavuso-Lowe, who was an ever-present Helper, both with the All-Stars on a Friday evening, and with setting up equipment for Junior Training. Always without being asked, and always with a huge smile on his face. He even dressed up as the All-Stars mascot, Twinkle, as the costume was too small for the Lincolnshire Cricket Rep who brought it! Heath retains the Cup for a year, and also received a memento to retain.

After the awards the Juniors tuck into a buffet provided by the parents.

Standby next month for the result of the all-important final Game and details of the Under 15's presentations!

Dave Cree
Do you have a child age 2 years and over? We would love to hear from you. Come and have a look around our lovely Pre-School. No appointment necessary.

Our opening times are as follows:
Monday-Thursday  9:00am to 3:00pm and Friday  9:00am to 12:00pm

We provide funded places for 2 year old children if eligible and Universal Funding for 3 and 4 year old children for up to 30 hours per week. We can also help with information on Tax free childcare. Too busy to make Packed Lunch? For a small charge we can provide a hot meal daily via The Farm Kitchen, served at Caythorpe Primary School, a brilliant way to support a smooth transition to "Big school".

Do you need wrap around care? We have a member of staff who is a long established and experienced child minder who can offer before and after Pre-School care. Please feel free to contact us at caythorpepreschool@googlemail.com anytime or give us a ring on 01400 272036 during term time. We look forward to hearing from you!!

In & Around The Garden

In mid September late summer flowers, such as Helium, Japanese anemones and Rudbeckia are still going strong and Michaelmas Daisies are starting to flower. The value of deadheading is also apparent: I cut the dead flowers off Phlox a few weeks ago and they are now are flowering again on side shoots that broke from buds at leaf joints lower on the stems. These buds are inhibited by chemical signals from the stem tip, and grow once it has been taken off. Regular deadheading of most plant that have leaves growing along a flower stalk will work in this way and prolong the flowering period, and removing the tip also makes young plants bushier by the same mechanism.

This year I have noticed lots of fallen acorns covered with a hard crinkly growth. Often only the cup and stalk were visible to hint that it was from an oak tree. A bit of research showed it was a gall produced by the knopper gall wasp, which lays its eggs in the flower bud and produces chemicals that cause the distortion of the developing acorn. The wasp is yet another alien invader that first appeared in the 1960s and is now widespread. Very few normal acorns had fallen, so I guess animals that rely on them will have slim pickings this year. Oak apples are caused by a gall wasp that lays in leaf buds, and this native species seems to do little harm.

Probably the strangest plants I grow are Lithops or living stones. They come from the desert regions of southern Africa and survive by storing water in pairs of swollen leaves. They resemble the stones amongst which they grow to avoid being eaten. At about this time of year some of them send up a bud between the two leaves which opens into a daisy-like flower in yellow or white. It lasts only a day or so, so I was pleased to see 3 out at once in one of the pots. They stay in the conservatory for the warmer months, watered only occasionally, and spend the winter in the house with no water at all.

And on the subject of strange things, a large white glob of a fungus appeared in a shrub bed. It has lots of pits in it which seem to have been caused by slugs or small rodents, but I think it is probably a giant puffball. They are supposed to be tasty, but I’m not confident enough about the identification to try it. Mistakes with fungi can prove fatal! If it matures and puffs out spores, maybe I’ll be braver if another appears next year.

We don’t often see toads in the garden, but on a warm afternoon I saw a large one walk into the pond, where it disappeared under some blanket weed. I thought toads stayed on land outside the breeding season: perhaps it needed to cool off.

JA
Caythorpe & District Garden Society

Geoff Hodge returned as speaker at our September meeting with a talk on ‘House Plants’. Botanist, horticulturalist and radio presenter, Geoff started by reminding us that house plants would die outside in Britain, but most of us fail to provide the optimum conditions for these mainly tropical species. To get the best from them Geoff advised checking plants for health and absence of pests before purchase, and researching the plant to find out the conditions it needs to thrive.

Some almost-hardy plants such as cyclamen, citrus and azaleas need cool, frost free conditions, not central heating, but plants from rain forests need warmth and high humidity, which can be achieved by placing the pots on damp absorbent clay granules. Light levels away from windows are usually too low, so grow-lights can help. Feeling the weight of the pot is a good way to decide if a plant needs water, preferably tepid tap water to avoid cold shock and pathogens from rain water, but never leave the pot sitting in water. Geoff explained that both over and under watering will cause root death and make leaves wilt, so compost moisture should be checked (use a finger) to see which is the problem before watering a drooping plant. Pot plants need regular feed or an annual application of slow-release granules, as they cannot search out nutrients.

Geoff on poinsettias: never buy them from an outdoor display, and ensure they are wrapped in a plant sleeve for transport home or the leaves will quickly fall off. On orchids: clear pots really are better for them. On pest control: use a systemic soil drench, more effective and less messy than spraying. Lots of useful information: thank you Geoff.

Our next meeting will be on Oct 8th, 7:30pm for 7:45pm at Carlton Scroop Village Hall. Visitors welcome (£3)– just come along.

Caythorpe & Frieston Allotment Association

Allotment Plot Vacancies

If you have an interest in healthy living and growing fruit and vegetables, this is an ideal time to express an interest by putting your name down on a waiting list. Plot rentals are not expensive. Full plots cost just £40 and half plots £28 a year, which covers the cost of insurance, water and membership fees for both the local and national associations. Even if you live outside Caythorpe, your application will be considered.

So don’t delay, sign up today by contacting Mel Stevens on 01400 272399 for more information and an application form.

Advertising in NEWS & VIEWS reaches over 1000 Homes and Businesses!
Caythorpe Ladies were pleased to meet up again after the summer outing in August, signs of Autumn already appearing with darker nights and the leaves on the trees changing their colours. Some of us are pleased with its impending arrival and the fruits and vegetables available for our jam and chutney making. Not tonight though, although gardens are still a theme, tonight we happily listened to our speaker Tina Orange who gave us an insight into designing and producing a show garden for the Harrogate Spring Flower Show.

Tina had originally been in the RAF and as a previous speaker had done, she took the opportunity to retrain upon leaving the forces. Tina chose to train in horticulture and took us through what was involved to create her winning garden; finalising a design, building and choosing the planting and also having leaflets printed to show what all the plants were. Their hard work obviously paid off as she and her team received a Gold award. Tina, coincidentally is the secretary of Navenby WI and was known to some of us. Our secretary, Ann Ashcroft gave the vote of thanks for a very enjoyable and interesting presentation.

The Caythorpe Gala this year was exceptional and we wish to thank Laura Leeds and Carole Atkinson for all their hard work and organisational skills, there was so much to see and do. Special thanks were given to our own Benita Crawley (Front, Right) and Pauline Brown (Front Left) who ran our Hoopla stall this year, it was a success and thanks too, to all those who donated prizes for it. Also, over fourteen cakes were baked by the WI ladies which were donated for the Arnhem veterans to enjoy, thank you and well done!

It was an evening if “Hellos” and “Goodbyes” as Pauline, our President, welcomed guests Carol Brown and Peggy Chapman to the meeting, both are planning on joining us permanently next month taking our membership to 41. Sadly, we all said “goodbye” to our lovely member Mary Giles and husband Roger who are moving to Folkingham. Thankfully, not too far away but nevertheless Mary’s contribution to our Institute will be sorely missed; for many years she looked after the WI planters at the village hall making sure they were always well watered.
and full of bloom, she ran an afternoon craft club and served on the committee for many years. We were happy to present her with Garden Centre vouchers and wish her Good Luck and happiness in her new home.

Earlier this month ten members had enjoyed an evening at Wellingore Village Hall for the Phoenix group meeting hosted by Wellingore WI. The speaker was Dawn Blunden from Sophisticake who we had had speak at our July meeting.

Our next meeting is on Thursday 10th October held in the small hall at Caythorpe Village Hall with business starting at 7:30pm. Guests and visitors are always welcome and may have three visits before deciding to become a member, so why not come along and try us out? We’re very friendly! Our speaker in October is Carl Denton who is talking on Forensics. The Competition is for SEVEN items of your choice and don’t forget to bring your flower and loose change to put on the Flower of the month with all proceeds going to the Associated Country Women of the World (ACWW).

Items of interest from meeting held on 9th September 2019

Parish Plan - The Plan is being printed and, together with the Parish Information Booklet should be delivered to each household later this month.

Gateways - Four gates have now been delivered and arrangements are being made for their decoration ready for erection in the Autumn. These are to be erected along the A607 at the north and south entrances to the Parish. It is hoped that, finances permitting, two further sets will be located at each end of the 50 mph. section.

Highways - Hopefully, good news from our County Councillor, Alexander Maugham, that work to refurbish the A607 road at Carlton Scroop railway bridge is scheduled for Spring 2020. May be subject to a later start but it is in Highways programme.

Council Vacancy - A Resident has come forward to fill one of the vacancies on the Council. Hopefully this will be ratified at the next meeting and the new Councillor in place. There remains a further vacancy and the Clerk will be pleased to hear from anyone living in Carlton Scroop who would like to join us.

Telephone Box - The telephone box in Normanton has been painted and is bright red again.

Croquet - The successful croquet tournament raised the first funds towards an additional defibrillator at the south end of Carlton Scroop. Well done to the organizers - long road but a start made.

Playing Field - Alterations are to be made to the Hough Lane stile and a new lock fitted to the large entrance gate.

The next meeting of the Parish Council will be on 11th November 2019 at 7:30pm in Carlton Scroop & Normanton on Cliffe Village Hall

All welcome.

Jeffrey Couzens...Chairman
So here we are again, another month past, we had our third meeting of the year last Wednesday with a very full agenda. The draft minutes will be on the website by now so if you’re interested you can read them and if you want to make comment then email us or leave a comment on the Facebook page.

Topical issues were the ongoing saga of the tree stump at the junction of High Street and the A607. The original decision was to remove the stump and plant an established sapling onto the triangle, however, during the meeting an amendment was put to the meeting, which was passed unanimously. The stump is to be left in place for a period of 4 to 5 years whilst the new tree, a Walnut, gets time to establish and become a fully mature tree. We have quite hastily written to Lincolnshire County Council to convey the wishes of the Parish Council and Community because an order had already been raised for the stump to be removed, so, with good will and a sympathetic ear from Lincolnshire County Council, hopefully, the will of the people will be listened to for that particular area.

We still don’t have a lot of progress on the replacement seat at Back Lane from Joan Clarkes Family who were wishing to donate on behalf of the memory of Joan. Unfortunately we have tried to contact them but not had a response to our communications, so we are trying to establish if they are still interested or if we should go ahead and make the purchase of a bench from own Parish Council Funds.

We now have quotations for the street light near the bus stop at Frieston and we should be able to make a decision at our November meeting on which replacement option is required.

Our Parish Plan is due for renewal in two years time and we have been informed that the Government are now pushing for Parishes to have a Neighbourhood Plan which enables the Parish to have a greater say in planning development of the Parish Area. There is some funding available from SKDC so our portfolio holder for the Parish Plan, John Carpenter, is looking into which will be the best for our Parish. If we decide to go down the Neighbourhood Plan route it may take 2 to 3 years to put together and we would be looking for volunteers from within the community to assist. I think it may be an ideal project for somebody who is taking a degree in Social Care, Social Science or Planning and Development to be part of such a
purposeful project, which would provide lots of data for a solid dissertation. We have some really knowledgeable people within the community to assist and guide us.

We are waiting for Lincolnshire County Council to go into full consultation regarding parking prohibition lines on the High Street. It is planned that the corner of South Parade would have small yellow lines on and all the bus stops on the High Street would have white lines denoting the bus stops. Where the road narrows to the pinch point between 27 and 31 high street there will be double yellow lines one side and a single yellow line the other, just for the length of the pinch point. When Lincolnshire County Council to go into consultation they will write to everybody that is affected on the High Street by these proposals and they will have a chance to respond to the consultation directly to LCC. We will place the consultation on the Parish Council’s Facebook page, our website and on the Parish Council Notice Board. This will have the correspondence address for anyone that wishes to respond to the consultation to be able to do so directly to LCC.

At the next meeting we will be considering the Parish Precept for 2020. If you have any views please contact one of the councillors with your views so they can be fed into the meeting when we are making a decision. The final decision will be made at the January 2020 meeting when the forms need to be signed and submitted to SKDC. In the mean time we are busy planning our budget for 2020.

We have received a number of quotes for the resurfacing of the burial ground pathway and if we go ahead may take up to 25% of the precept at its current rate. We have had difficulty in getting contractors to quote for the work but thankfully Cllr Peter Sandy has been working hard on our account. We are still to make a decision on this project.

The Gala was a fantastic event this year, one of the best that we have run I think, every thing ran smoothly, with the 216 (Parachute) Signal Squadron who are part of 16 Air Assault Brigade, and their Veterans arriving either Friday day time or early Saturday morning. The squadron are billeted at the Beckingham Barracks and bussed in daily to Caythorpe and back in the evening. My thanks to the Village Hall Committee who provided the Village Hall for Saturday morning where everyone is welcome to hear what the squadron has been up to over the past 12 months. Local Parishioners had made cakes for them which were served on arrival, on the Saturday morning and the Sunday lunchtime, so thank you everyone for that involvement.

The Gala day went really well and was well attended with glorious weather which always makes the day special. A Regimental dining evening for partners, soldiers and veterans was held at the PGL complex with a great evening being had by all. If you would like an invite to next years meal please let me know and I will arrange it for you. We finished off with a Sunday Lunch in the Village Hall for the Veterans and Soldiers to send them on their way, this lunch was prepared by the Army Catering Corps who really enjoyed the task. With full bellies all departed happily. So thank you everyone who did their bit, especially the CFPC would like to thank Laura & Peter Leeds and their family, Carol Atkinson and all who assisted them in running the weekend.

Myself and Andy Dunn from the Army are trying to future proof the event so that it runs itself no matter who is in position in the village or the Army, as the event is so special to both parties. I am told that such a long standing relationship does not exist anywhere else in the Army, so we should all be proud of that fact.

Neil Fritzsche, Caythorpe Parish Council Chairman

All Correspondence To: editorsnewsandviews@gmail.com
The Lincolnshire steeplechase – the last word!

I have faithfully reported on the churches as viewed from the carriage window of trains in Lincolnshire: from Grantham to Skegness; from Peterborough via Lincoln to Doncaster; from Doncaster to Cleethorpes via Scunthorpe and the extension to Barton on Humber; and from Grimsby to Newark via Market Rasen and Lincoln.

There was one further journey to make to complete the exercise and it was on what a national newspaper has called the ‘ghost train’ which Northern Rail run ‘connecting faded seaside resorts with quiet market towns’. Although there is now a regular service between Sheffield and Gainsborough Central the onward journey on the ‘Brigg Line’ can only be undertaken on a Saturday when three trains a day in each direction are time-tabled for the duty.

With careful planning there was a train from Grantham to Retford in good time for the onward departure from the low level platform 4 on the single carriage but well patronized train which was soon passing the power stations at Cottam and West Burton as it headed into Lincolnshire over the River Trent sharing the line briefly with that taken by the Doncaster – Lincoln service before branching off north and into Gainsborough Central alongside the refurbished Marshall’s Yard.

The parish church of All Saints is very different to most of the counties churches being built between 1736 and 1744 in the Classical style albeit attached to the Perpendicular tower of the former church.

The onward journey stops at Kirton in Lindsey, the little town ‘tumbling down the side of the Cliff’ complete with its church ‘with its grand and impressive Early English tower’ clearly visible from the carriage window. The train navigates the Cliff through a tunnel and emerges into Brigg with its church of 1842 with ‘lofty nave and tiny chancel and thin tall tower’.

The landscape of north Lincolnshire is notably different: still agricultural fields to either side of the railway but with processing plants, storage silos and cranes along the sky line.

The train took the junction at Barnetby at speed with the line from Doncaster/Scunthorpe joining from the left and the line from Lincoln/Market Rasen joining from the right. The old village church has been ‘long abandoned..but [is now] beautifully restored’ with a new church [1926] by William Bond containing the 12th century lead font from the old church.

The distinctive dock tower of 1852 indicated the approach to Grimsby station and the opportunity for a visit to the Minster Church of St James which, unusually for a Saturday, was open and displaying art works by North Lincs artists. The church is a ‘grand medieval building...cruciform..from the early thirteenth century’. The church was bombed in the Second World War so much of the glass is post war – the windows in the Lady Chapel depict the Magnificat while the triple lancet windows of the east end depict the fishing industry of the
town and are a memorial to the men who served and perished on the sea in the Second World War.

There was time for a pot of tea in the servery at the west end of the church before catching the return service to Retford and the onward connection to Grantham and home.

With every good wish,
Stuart Hadley [Rector of the South Cliff]

Quotations, apart from the first one from the national newspaper, are from Henry Thorold’s ‘Lincolnshire Churches Revisited’ [1993]
Part 2 - Continuing Tom Lane's fascinating talk about 'The Lie of the Land'.

The landscape of the Wolds includes valleys and hills where for example, Bronze Age barrow mounds are visible. The Uplands or dry land of the Wolds and heath can be explored by field walking. Some artefacts are not so well preserved as in wet ground, so finds mainly include pottery, bone, flints and metals, and some areas have been damaged by man's activities, eg many barrows were planted with trees whose roots destroyed internal archaeology. In the mid 1800s, heathland was extensive and thought to be barren; an inland lighthouse was built at Dunstan to help people who got lost.

George Oliver wrote descriptions of several areas including Honington Camp near Ancaster, an Iron Age hill fort camp. These Iron Age hill forts were similar in layout, always about three to five miles from a small Roman town. There was no real evidence of defensive purposes, but they may have been the property of a tribal chief or lord of the manor. Other examples include: one near Sleaford which was also a small Roman town, Yarborough Camp near the Roman town of Kerbington, now in a wood, and Brills Farm at Norton Disney looking down over the Trent Valley two or three miles from the Roman town of Brough. The roman villa excavated nearby probably the residence of a local chief who may have become romanised.

On the heath, Tom had discovered a round mound in a small wood in the corner of a field which could have been a typical barrow. Locally it was known as Mill Field so also may have been a medieval mill. He later saw a JCB destroying the mound, but observed it contained medieval pottery which confirmed its use. Tom told of field walking he had carried out around Yarborough where they had found underground hiding places in woods which dated from WW2 and were used by the 'Secret Army' which was a local civilian defence force against invasion.

A parish survey of Ropsley and Humby near Grantham on the heath had been carried out. Geologically the parish is divided between shallow...
limestone heath and boulder clay. Assessment of changes over time from the Mesolithic to present day show that the clay area had been wooded for most of the time but clearing occurred in the Roman period. Field walking found evidence of dogwood in the hedges a sign of ancient woodland on the clay side. It also found cremations and specialised flints from the late Neolithic and Bronze Ages on the limestone side. Ridge and furrow medieval ploughing was carried out in the cleared clay areas.

Finally, he compared these details with a map of Fulbeck which shows both heath and lowland areas, and suggested that it would be useful to carry out a similar survey of the Parish. Any offers? And come and find out more about the local landscape and LIDAR, as mentioned above, in September.

27th September - Jim Bonnor - Light and Shade on the cliff edge: ancient Fulbeck from the air.

Visitors are welcome at most meetings, when we have guest speakers.

Our Annual Subscription fee is £20.00 per annum with all meetings free to members. A charge of £3.00 each meeting is made for visitors. We meet at 7.30 pm the last Friday of the month at Fulbeck Village Hall, unless otherwise stated. Tea, coffee and biscuits included.

Hands up, who would like a neighbour who offers to:

- Water the plants when you go away
- Help clear up the leaves off the drive
- Take the dog for a walk sometimes
- Bake you a cake
- Help you with your French homework
- Shorten a pair of trousers
- Feed the cat when you are in hospital
- Repair a bicycle puncture
- Take items to a second hand shop

Where are these wonderful neighbours? They are right here in Caythorpe, Frieston and surrounding villages. We might need a helping hand now and then, and can offer a hand of friendship when needed by others. favourshare is a website that can link us all together to help each other out. It doesn’t mean a long term commitment, just a short term favour if you can.

Janet said – “I didn’t have anyone I could ask to water the garden while I was on holiday. I registered on favourshare and placed my request. Within a few days, someone contacted me and offered to do it, and in exchange I offered a home baked cake. I not only had my problem solved but also met a new neighbour.”

Will you be that friendly neighbour? Do you need a favour? Can you lend a helping hand? Check out the website now – www.favourshare.com
I would like to thank you all for the collection I received on Tuesday 13th August, in recognition of service to Carlton Scroop & Normanton Village Hall and Social Club. How you managed to keep it quiet, I will never know!

Janet Bullock

My congratulations to both Laura and Carole and all those who contributed to that most enjoyable Gala we all experienced earlier in September. The programme, the stalls, the sideshows, and the arena events were all excellent. Charlotte Morris and The D Day Darlings were superb choices for the Stage. Bringing all this together involves such organisation and planning and I'm sure the all those who attended were pleased to enjoy such a first-rate event. Here's to many more of them. Best wishes

Tony Case

The Playing Field Committee and all those users of the Field who enjoy playing on the short grass would like to thank Caythorpe Cricketer Sandy Ireland, of Ireland’s Farms, North Rauceby, for keeping our tractor full of Diesel throughout the summer. This has saved us about £150 - and a lot of trips to the fuel station!

Dave Cree

Dear Editors, In 2017/18 the Parish Council submitted an agreed plan to the County Council to ease the High Street vehicle flow and to prevent obstructions. After a site visit LCC submitted their amended plan to the Parish Council where in July it was passed by a majority of Councillors apart from myself and Cllr Peter Sandy. We noted the no waiting at any time parking restrictions at the High Street/South Parade junction in the shop vicinity to improve vehicle drivers visibility. Our comment was this could effect the trade at our only village shop where stiff competition from the Co-op at Ancaster and online deliveries are effecting their trade. Problems will occur with access for shop delivery and customer parking. There are 5/6 houses in that area with no off road parking along with Village Hall users and the School the Back Lane parking area is under used.

At the Parish Council September meeting the shop owners attended and spoke about their concerns about the plan at this location. They along with their High Street neighbour submitted letters of objection. Chairman, Neil Fritzsche, stated that before Lincolnshire County Council took a decision on this there would be public consultation when all views would be considered. The submitted letters would forwarded to the LCC for their attention and he invited anyone with a comment to forward their view. My personal view that any threat to our only Village Shop/Post Office should be carefully considered by all concerned. Enforcement will be by civilian contractors who according to a recent Grantham press report are not known for their discretion i.e issuing a parking ticket to a shop delivery vehicle early on a Sunday morning. I know we live in a village where the streets were only designed for horse and carts but we must be careful not to solve a supposed problem we can live with only to cause an even bigger one. When the date of the consultation is made known and the plan is published I urge anyone with an opinion either for or against this particular parking restriction in the vicinity of the shop to consider submitting a comment direct to LCC.
