

HEALTH AND CARE SERVICES in Lincolnshire ARE CHANGING

Join our discussions as we transform and improve to meet the needs for now and for future generations.

We will be discussing health services including our local hospitals, and want to know what matters to you as we work together to shape the future.

You can speak to senior health and care leaders in person at any of the nine events we are holding across the Lincolnshire, as well as complete our survey.

Visit www.lincs-stp.eventbrite.com or call 01522 307315 for more details and to register.
