

**Report to Nettleham Parish Council: June 19, 2018.**

Preparation are in place for the West Lindsey District Council marquee at the Lincolnshire Show.

Please come and visit it if you come to the show.

On May 31, 2018, there was a meeting of the Health Commission.

We discussed reviewing the terms and reference of the committee, in the light of progress made and external changes.

Funded by Lincolnshire County Council, West Lindsey is one of seven districts who won the contract to run the Wellbeing Lincs service. [www.welbeinglincs.org](http://www.welbeinglincs.org)

*Wellbeing Lincs is a preventative service, seeking to*

- *Enhance wellbeing, reducing or delaying escalation to statutory services*
- *Improve access to support services for individuals*
- *Provide direct support and signpost access to community resources.*

We also discussed the next roundtable event on Friday, July 5, 2018.

This is to encourage communication between health professionals in the district.

I attended a meeting of the Leisure, Culture, Events and Tourism Group.

The contract for the Sports and Leisure contract was signed on June 1, 2018.

I have given contact details of the outreach worker, Matt Snee, to John Evans.

A site has been obtained for the new Sports' complex in Market Rasen.

One of our brightest young officers presented the work he has done on the 'Visitor Economy' strategy.

This is to create local wealth through the visitor economy by

- increasing the number of visitors and length of stay
- increasing expenditure by visitors by developing the leisure, culture and recreational offer and
- increasing the quality and number of businesses and jobs in the sector.

I am continuing as a mentor at the Benjamin Adlard school in Gainsborough.

We have been invited to a 'Thank the teacher' morning on Friday June 22, 2018.

As a vice-chair, I also attended the briefing for the next Challenge and Improvement Committee meeting on June 26, 2018. We will then be updated on the progress of the Public Realm survey.

I am attending the Governance and Audit Committee meeting on June 19, 2018.
