

The Saxilby in Bloom Initiative is being run to encourage residents, businesses and organisations to take pride in their parish, contribute to improving the local environment and to garden in a sustainable way.

The Parish Council is seeking to make improvements to the village and the regeneration of the Bridge Street Conservation Area is a priority project identified in the Neighbourhood Plan.

We would like to encourage all our local residents, cafes, shops, organisations and businesses to consider installing floral displays such as hanging baskets. There will be a competition with a gold, silver and bronze category for the best floral display. If you would like to enter the competition please complete and return the slip below or email Lydia Smithson with your details by 8th June.

Thank you for supporting Saxilby in Bloom and good luck!
